

Invitation

The Csiky Gergely Hungarian State Theatre from Timișoara, together with its partners,
invite you to an

innovative re-enactment of **“Alice (after Lewis Carroll)”**,
a show which came to life thanks to the cross-border project
“Virtual Theatre – Cultural Bridge” E-THEATRUM.

The performance marks the 2013 edition of **European Cooperation Day** and will take
place from

4 p.m. on Thursday, 26 September 2013, in Timișoara,

under the aegis of the

Hungary-Romania Cross-Border Co-operation Programme.

The young Romanian and Hungarian talents will perform on the stage of the Csiky Gergely Theatre, “separated”, just like in Wonderland, by a wall and a window. The spectators will find themselves, alternatively, on both sides of the “mirror”, as in Lewis Carroll’s famous story, and will be able to see, in 15-minute sequences, both perspectives of the story, rendered in English. Directed by Kedves Emőke, the play benefits of a score signed by Cári Tibor, played live by an orchestra and choir and broadcast online through virtual technology.

Become part of a virtual theatre performance and join us for a walk on the cultural bridge!

Participants have to confirm their attendance in advance. For more information on the event visit www.huro-cbc.eu and www.ecday.eu
